

Experienced Builder / Team Lead

Who we are

Sanctuary Pergolas builds high-quality architectural pergolas designed for New Zealand conditions. We are committed to craftsmanship, durability, and excellent finish.

We are a Christian-owned business and strive to operate with integrity, honesty, and excellence.

The role

This role is for experienced builders who take pride in their work and are comfortable leading or working within a small team.

You will be responsible for delivering premium pergola installations to a very high standard.

Key responsibilities

Lead or work within an install team on pergola builds.

Read and execute design and construction documentation accurately.

Maintain high standards of workmanship, finish, and site cleanliness.

Solve problems on site using sound judgement and clear communication.

Mentor junior staff and contribute to a strong team culture.

What we are looking for

Strong carpentry or building experience.

LBP qualification preferred (or working toward it).

Ability to lead a team and manage site activities.

Physically fit and capable of demanding on-site work.

Full NZ driver's licence.

What we offer

Consistent pipeline of quality projects.

Competitive remuneration aligned with experience.

Work you can take pride in.

A supportive, values-driven team environment.
